

Make Your Own Custom Fabric Albums

Make a padded, fabric covered album in this fun one day class.

You can now learn to make your own personalized album covers. Make the outside of your scrapbooks coordinate with the inside pages.

In this class you will be guided step by step on how to make a 12" x 12" padded, fabric covered album with a hidden screw post binding, and a cut out photo window.

During class you will learn tricks and tips to gluing, how to tuck clean corners, how to make the hidden screw post spine, how to pad the cover, make the most cloth suitable for covers, and cut out a window of any shape for photo or title.

Most of the materials are furnished, you will bring some basic tools and your personal choice of fabric and embellishments to personalize your album. You will be furnished with a detailed materials list when you

sign up for class.

Whether the albums are for yourself or you give them away, they will truly match the creative efforts that you put into the inside pages. And they will be the talk of your family and friends!
